

Role Guide 5: Key Informant Interview Research Assistant

Step-by-step instructions for the KII RA role in the ABF-FST Digital Respondent Portal.

STUDY	Developing and Validating the Agribusiness Bankability Framework for Food Systems Transformation through Novel Financing Models in Zimbabwe (ABF-FST)
PRINCIPAL RESEARCHER	Happyson Saina, Doctor of Strategic Management candidate, Chinhoyi University of Technology
SUPERVISORS	Dr L. Chikazhe and Dr J. Kanyepe
FOR	Research assistants who arrange, conduct and process Key Informant Interviews
SYSTEM ADDRESS	https://research.agribizframework.com
CONTACT	0773943709 · abffst.research.cut@gmail.com
VERSION	Version 1.4 · 20 September 2026

Screenshots in this document use **fictional demonstration data**. Organisation and person names, phone numbers and figures shown in them are not real study records.

1. Your role at a glance

You take each Key Informant Interview from first contact to a coded transcript: keep the KII record's status current, record participation and recording consent separately, and complete the KII Guide in KoboToolbox so the interview can be analysed.

You can

- See the KII/Doc Dashboard, the KII Register and KII records.
- Create KII records; change status; record participation and recording consent; update transcript and coding progress.
- Download PDFs of completed KII Guide forms.

You cannot

- See or edit documents, questionnaire QA, the Main-400 register, costs or exports.
- Mark an interview completed with a recording unless recording consent was recorded.

Where this fits

The System Manual explains how the whole system works. This guide covers only what you do. Ask the Field Coordinator or PI when something is outside your role.

2. Signing in and your screens

Signing in

1. Open <https://research.agribizframework.com/admin/login> in any modern browser (Chrome, Edge, Firefox or Safari), on a computer, tablet or phone.
2. Type your **Username** and **Password**, then select **Sign in**.

The screenshot shows a web browser window with a dark blue header bar. The header contains the text 'CHINHOMY UNIVERSITY OF TECHNOLOGY' and 'ABF-FST Research Operations Centre' in white. Below the header is a light gray background. In the center, there is a white rectangular box titled 'Internal sign in'. Inside this box, there are two input fields: 'Username' with the text 'pi.admin' and 'Password' which is empty. Below the input fields is a dark blue button with the text 'Sign in' in white.

Figure 1. The sign-in screen for all internal staff.

3. You arrive on your start screen: **KII/Doc Dashboard**. The bar across the top lists only the screens your role (KII RA) can open.

Accounts

There is no self-registration. The PI / System Admin creates every account and sets its role. Ask the PI if you need an account, a different role, or a password reset.

Finding your way around

- The **top bar** shows your username and role, and the screens you can use. It is not a full menu with some items greyed out: anything absent is simply not part of your role.
- Most screens have a **← Back to ...** link at the top that returns you to the screen you came from.
- Registers show **20 rows per page**. Use **Previous** and **Next** at the foot of the list, and the **Search** box above it.
- **Change password** (top right) lets you set a new password at any time. Choose a long password you do not use anywhere else.
- **Sign out** (top right) ends your session. Always sign out on a shared or public computer.
- If you are inactive for a while you may be asked to sign in again. This protects research data on unattended devices.

Figure 2. Opening a screen outside your role (for example from an old bookmark) shows this card instead of the screen.

Your screens

Screen	What you use it for
KII/Doc Dashboard	KIIs completed against the target of 60; KIIs by status.
Form PDFs	Completed KII Guide forms.
KII Register	All KII records; create and manage.

Changing your password

1. Select **Change password** in the top right corner.
2. Enter your **Current password**, then the **New password** twice, and select **Change password**.

The screenshot shows the ABF-FST Research Operations Centre interface. The header bar includes the text 'ABF-FST Research Operations Centre' and 'piadmin · PI / System Admin' on the left, and 'Change password' and 'Sign out' on the right. Below the header, there is a navigation bar with links: 'Executive', 'Sampling', 'Reports', 'Contact', 'QA Dashboard', 'KII/Doc Dashboard', 'Main-400 Register', 'Organisations', 'Appointments', 'Follow-ups', 'Form PDFs', 'QA Queue', 'QA Exceptions', and 'KII Register'. The main content area displays a 'Change Password' form with the following fields: 'Current password', 'New password', and 'Confirm new password'. Below the fields is a 'Change password' button. A link '← Back to Dashboard' is located above the form.

Figure 3. Change Password screen.

3. Use the new password next time you sign in. If you have forgotten your password, ask the PI to reset it.

3. Your routine

A suggested rhythm. Adjust it to the Field Coordinator's plan.

When	What to do
Weekly planning	KII Register filtered mentally by status: PROSPECT and INVITED need contact; SCHEDULED need preparation.
Before each interview	Check the record and any PROIT gap-engine questions; prepare the KII Guide.
At the interview	Record participation consent, and recording consent if recording.
After each interview	Mark COMPLETED (tick Recording made only if recorded); complete the KII Guide in KoboToolbox (Continue this interview opens it with the KII ID filled in, once consent is recorded); update transcript and coding as work progresses.

4. Step-by-step tasks

4.1 Reading the KII/Doc Dashboard

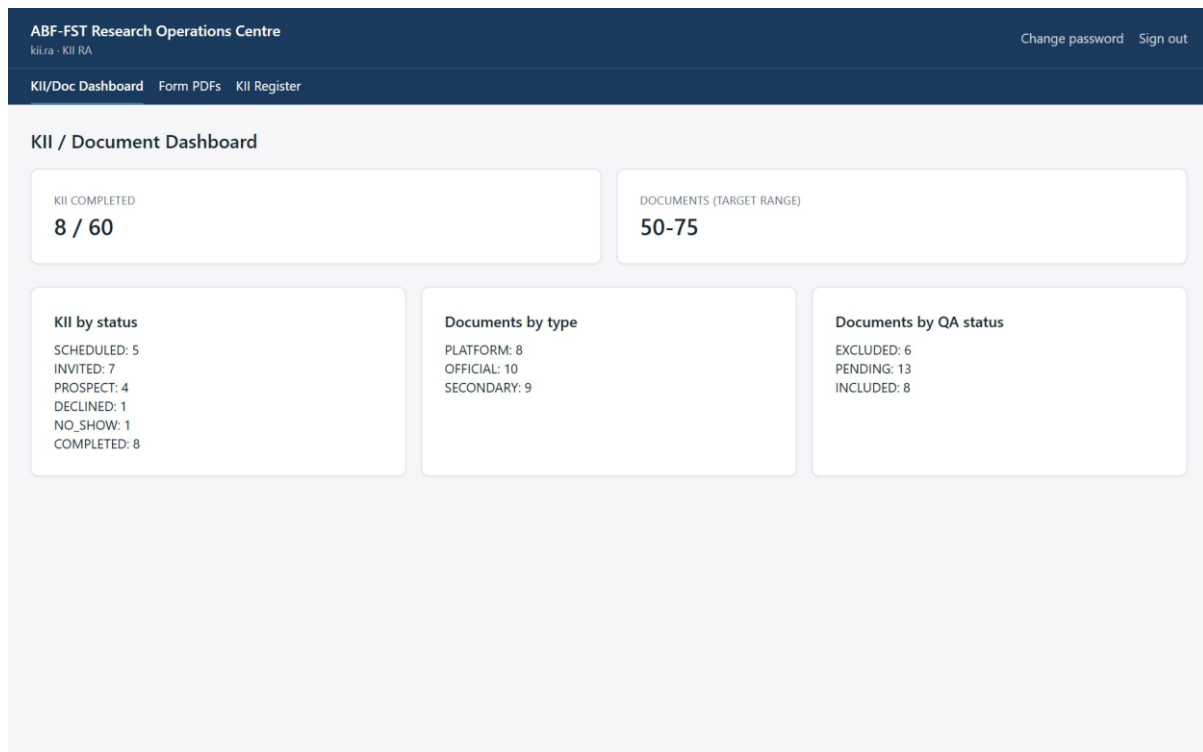

Figure 4. KII / Document Dashboard.

4.2 Creating a KII record

1. Select **KII Register** → **New KII record**.

The screenshot shows the 'New KII Record' form within the 'KII Register' section. The header and navigation bar are consistent with the previous figure. The form includes the following fields and a button:

- Stakeholder category:** A text input field.
- Participant name:** A text input field.
- Participant role:** A text input field.
- Preferred mode:** A dropdown menu currently set to 'PHONE'.
- Create KII record:** A dark blue button to submit the form.

Figure 5. New KII Record.

2. Enter **Stakeholder category**, **Participant name**, **Participant role** and **Preferred mode**, then select **Create KII record**. The KII ID (e.g. KII-0026) is generated.

4.3 Taking a KII from invitation to coded transcript

1. In **KII Register**, select **Manage** on the record.

KII ID	Stakeholder category	Status	Transcript	Coding	
KII-0001	Government / regulator	COMPLETED	VERIFIED	COMPLETE	Manage
KII-0002	Development finance institution	COMPLETED	IN_PROGRESS	IN_PROGRESS	Manage
KII-0003	Commercial bank	COMPLETED	ANONYMISED	NOT_STARTED	Manage
KII-0004	Agribusiness association	COMPLETED	VERIFIED	COMPLETE	Manage
KII-0005	Donor / NGO	COMPLETED	IN_PROGRESS	IN_PROGRESS	Manage
KII-0006	Academic expert	COMPLETED	ANONYMISED	NOT_STARTED	Manage
KII-0007	Government / regulator	COMPLETED	VERIFIED	COMPLETE	Manage
KII-0008	Development finance institution	COMPLETED	IN_PROGRESS	IN_PROGRESS	Manage
KII-0009	Commercial bank	SCHEDULED	NOT_STARTED	NOT_STARTED	Manage
KII-0010	Agribusiness association	SCHEDULED	NOT_STARTED	NOT_STARTED	Manage
KII-0011	Donor / NGO	SCHEDULED	NOT_STARTED	NOT_STARTED	Manage
KII-0012	Academic expert	SCHEDULED	NOT_STARTED	NOT_STARTED	Manage
KII-0013	Government / regulator	SCHEDULED	NOT_STARTED	NOT_STARTED	Manage
KII-0014	Development finance institution	INVITED	NOT_STARTED	NOT_STARTED	Manage

Figure 6. KII Register.

2. Move the **Status** as things happen: PROSPECT → INVITED → SCHEDULED → COMPLETED, or DECLINED / NO_SHOW. Only valid next statuses are shown; NO_SHOW can be rescheduled.

Status: SCHEDULED

COMPLETED NO_SHOW DECLINED

☐ Recording made (requires separate recording consent)

Consent

Participation and recording consent are always captured separately -- recording consent is never inferred from participation consent.

Record participation consent Participation: Not recorded

Record recording consent Recording: Not recorded

Coding

Opens the KoboToolbox KII Guide with this record's KII-ID already filled in.

Continue this interview

Transcript: NOT_STARTED

NOT_STARTED IN_PROGRESS VERIFIED ANONYMISED

Coding: NOT_STARTED

NOT_STARTED IN_PROGRESS COMPLETE

Completed KII form (KoboToolbox)

No completed form in KoboToolbox for KII-0009 yet.

Figure 7. KII record: status, consent, transcript and coding.

3. Before the interview starts, select **Record participation consent**. If the interview will be recorded, also select **Record recording consent** — the two are always separate.

4. When marking **COMPLETED**, tick **Recording made** only if a recording exists. The portal refuses a recorded completion without recording consent.
5. Advance **Transcript** (NOT_STARTED → IN_PROGRESS → VERIFIED → ANONYMISED) and **Coding** (NOT_STARTED → IN_PROGRESS → COMPLETE) as the work progresses.
6. Complete the **KII Guide** form in KoboToolbox using the KII ID (see the next section). The **Completed KII form (KoboToolbox)** panel then links to its PDF, and at the next sync (within 15 minutes, or at once with **Sync now** on **Form PDFs**) the portal sets **Coding** to COMPLETE for you.

4.4 Opening the KII Guide with the KII ID filled in

1. Record **participation consent** first. Until you do, the **Coding** panel says “Record participation consent first” and the interview link is withheld.

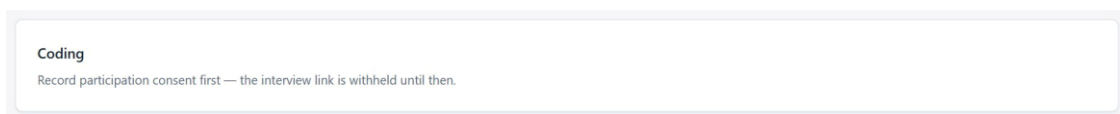

Figure 8. Before consent: no interview link.

2. Once consent is recorded, the panel offers **Continue this interview**. Select it: the KoboToolbox KII Guide opens in a new tab with the KII ID already entered, so it can never be mistyped and the completed form always matches this record.

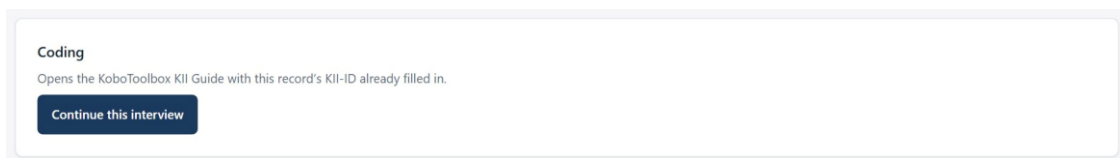

Figure 9. After consent: Continue this interview.

3. Complete the interview in the form as usual.

What the link carries

Only the KII ID and your own username. It never carries the participant's name, role or organisation, so nothing identifying is left in a web address or your browser history.

4.5 Downloading or emailing completed forms (Form PDFs)

1. Select **Form PDFs**. You see the completed KII Guide forms from KoboToolbox, newest first.
2. Select **Download PDF** to save a readable copy: sections, questions, the chosen answers as words (not codes) and repeated groups.
3. Select **Email to me** to send the PDF to the email address on your account.

At the top of the page, a sync panel shows whether the portal holds the same forms as KoboToolbox, for example “✓ In sync with KoboToolbox — KoboToolbox holds 12 · the portal holds 12”. Each row also says “✓ saved in portal” once the portal has an identical copy. If the panel says “Not in sync”, select **Sync now** (read-only roles see the panel but not the button); it takes a few seconds.

The same PDF is available from the record itself: the case page (questionnaire), the KII page (KII Guide) or the document page (coding form).

How the sync works

The portal keeps its own copy of the questionnaire, KII Guide and Document Analysis Tool, and refreshes it every 15 minutes and whenever someone selects Sync now. A submission edited in KoboToolbox is updated here; one deleted in KoboToolbox is flagged as removed. You never need to sync before downloading a PDF: the PDF is always read from KoboToolbox at that moment.

4.6 Consent in interviews

- Read or summarise the information sheet and ask for agreement **before** the first question.
- Ask separately whether the interview may be recorded. If they say no, take notes only.
- Record each decision on the KII record straight away with the matching button.
- If they later ask to stop or withdraw, stop, and tell the PI the same day.

5. Rules you must follow

- Keep recordings and transcripts only in the study's approved storage.
- Anonymise transcripts before they are shared for coding beyond the core team.
- Treat everything in the portal as **confidential research data**. Do not screenshot, copy, print or forward names, phone numbers, email addresses or answers except as your role requires.
- Never share your username or password, and never sign in for someone else.
- Use the respondent's contact details **only** to manage their participation in this study (invitations, reminders, appointments).
- Never tell a respondent, lender or anyone else that answers affect financing. The study generates **no score, rating or financing decision**.
- If a respondent asks to withdraw, stop contacting them and tell the Field Coordinator or PI the same day so the withdrawal is recorded.
- Report a lost device, a suspected account compromise, or data sent to the wrong person to the PI immediately.

6. Troubleshooting

Situation	Likely cause	What to do
COMPLETED with recording is refused	Recording consent not recorded.	Record recording consent first, or untick Recording made.
No PDF on the KII record	The KII Guide has not been submitted with this KII ID.	Check the KII ID in the KoboToolbox form.
"This screen isn't part of your role"	The screen belongs to another role (often an old bookmark or shared link).	Select Go to my start screen. If you need that screen, ask the PI about your role.
"Too many sign-in attempts from this network"	Sign-in is rate-limited per network; an office shares one address.	Wait a minute and try again. A wrong password says so explicitly.
A register shows fewer rows than expected	Registers show 20 rows per page; a Contact RA sees only assigned cases.	Use Next, or search. Ask the Field Coordinator to assign the case.
A button is greyed out	A required step is missing (a note, an authenticity decision, a selection).	Read the message beside the button; complete the missing step first.
"KoboToolbox couldn't be reached"	KoboToolbox is slow or the connection token has changed.	Try again in a few minutes. If it persists, tell the PI.
Form PDFs says "Not in sync with KoboToolbox yet"	The counts differ: a form was submitted or changed in KoboToolbox since the last sync (it runs every 15 minutes).	Select Sync now. If it still differs, or says it couldn't reach KoboToolbox, try again in a few minutes and tell the PI if it persists.
A document says "Already submitted" and its answers are locked	Its coding was already sent to KoboToolbox; changing it here would not change that record.	To redo the coding, delete that record in KoboToolbox, then select Sync now on Form PDFs. The document unlocks.
A page keeps loading	A slow or dropped connection.	Refresh the page. Your saved work is not lost; unsaved typing may be.
A file upload seems stuck	A large file on a slow connection takes time; the bar shows how much has been sent.	Wait for Saving... and the file name. If it fails, try again or upload a smaller version.

7. Quick reference

Sign in	https://research.agribizframework.com/admin/login
You start on	KII/Doc Dashboard
Target	60 completed KIIs
Status order	PROSPECT → INVITED → SCHEDULED → COMPLETED
