

# Role Guide 5: Key Informant Interview Research Assistant

Step-by-step instructions for the KII RA role in the ABF-FST Digital Respondent Portal.

|                      |                                                                                                                                                       |

# 1. Your role at a glance

---

You take each Key Informant Interview from first contact to a coded transcript: keep the KII record's status current, record participation and recording consent separately, and complete the KII Guide in KoboToolbox so the interview can be analysed.

## You can

- See the KII/Doc Dashboard, the KII Register and KII records.
- Create KII records; change status; record participation and recording consent; update transcript and coding progress.
- Download PDFs of completed KII Guide forms.

## You cannot

- See or edit documents, questionnaire QA, the Main-400 register, costs or exports.
- Mark an interview completed with a recording unless recording consent was recorded.

### Where this fits

The System Manual explains how the whole system works. This guide covers only what you do. Ask the Field Coordinator or PI when something is outside your role.

## 2. Signing in and your screens

### Signing in

1. Open <https://research.agribizframework.com/admin/login> in any modern browser (Chrome, Edge, Firefox or Safari), on a computer, tablet or phone.
2. Type your **Username** and **Password**, then select **Sign in**.

The screenshot shows a web browser window with a dark blue header bar. The header contains the text 'CHINHOMY UNIVERSITY OF TECHNOLOGY' and 'ABF-FST Research Operations Centre' in white. Below the header is a light gray background. In the center, there is a white rectangular box titled 'Internal sign in'. Inside this box, there are two input fields: 'Username' with the text 'pi.admin' and 'Password' which is empty. Below the input fields is a dark blue button with the text 'Sign in' in white.

Figure 1. The sign-in screen for all internal staff.

3. You arrive on your start screen: **KII/Doc Dashboard**. The bar across the top lists only the screens your role (KII RA) can open.

#### Accounts

There is no self-registration. The PI / System Admin creates every account and sets its role. Ask the PI if you need an account, a different role, or a password reset.

### Finding your way around

- The **top bar** shows your username and role, and the screens you can use. It is not a full menu with some items greyed out: anything absent is simply not part of your role.
- Most screens have a **← Back to ...** link at the top that returns you to the screen you came from.
- Registers show **20 rows per page**. Use **Previous** and **Next** at the foot of the list, and the **Search** box above it.
- **Change password** (top right) lets you set a new password at any time. Choose a long password you do not use anywhere else.
- **Sign out** (top right) ends your session. Always sign out on a shared or public computer.
- If you are inactive for a while you may be asked to sign in again. This protects research data on unattended devices.

Figure 2. Opening a screen outside your role (for example from an old bookmark) shows this card instead of the screen.

Your screens

| Screen            | What you use it for                                      |
|-------------------|----------------------------------------------------------|
| KII/Doc Dashboard | KIIs completed against the target of 60; KIIs by status. |
| Form PDFs         | Completed KII Guide forms.                               |
| KII Register      | All KII records; create and manage.                      |

Changing your password

- 1. Select **Change password** in the top right corner.
- 2. Enter your **Current password**, then the **New password** twice, and select **Change password**.

Figure 3. Change Password screen.

- 3. Use the new password next time you sign in. If you have forgotten your password, ask the PI to reset it.

### 3. Your routine

---

A suggested rhythm. Adjust it to the Field Coordinator's plan.

| When                  | What to do                                                                                                                                                                                                                            |
|-----------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Weekly planning       | KII Register filtered mentally by status: PROSPECT and INVITED need contact; SCHEDULED need preparation.                                                                                                                              |
| Before each interview | Check the record and any PROIT gap-engine questions; prepare the KII Guide.                                                                                                                                                           |
| At the interview      | Record participation consent, and recording consent if recording.                                                                                                                                                                     |
| After each interview  | Mark COMPLETED (tick Recording made only if recorded); complete the KII Guide in KoboToolbox (Continue this interview opens it with the KII ID filled in, once consent is recorded); update transcript and coding as work progresses. |

## 4. Step-by-step tasks

### 4.1 Reading the KII/Doc Dashboard

Figure 4. KII / Document Dashboard.

### 4.2 Creating a KII record

1. Select **KII Register** → **New KII record**.

The screenshot shows the 'New KII Record' form within the 'ABF-FST Research Operations Centre'. The form includes a header with navigation links and a main content area with a form for creating a new KII record.

**Header:** ABF-FST Research Operations Centre, kiira · KII RA, Change password, Sign out

**Navigation:** KII/Doc Dashboard, Form PDFs, KII Register

**Back to KII Register**

**New KII Record**

Stakeholder category

Participant name

Participant role

Preferred mode

PHONE

Create KII record

Figure 5. New KII Record.

2. Enter **Stakeholder category**, **Participant name**, **Participant role** and **Preferred mode**, then select **Create KII record**. The KII ID (e.g. KII-0026) is generated.

## 4.3 Taking a KII from invitation to coded transcript

1. In **KII Register**, select **Manage** on the record.

ABF-FST Research Operations Centre

KII-0009 · Commercial bank · Policy Analyst

**Status: SCHEDULED**

[COMPLETED](#) [NO\\_SHOW](#) [DECLINED](#)

☐ Recording made (requires separate recording consent)

**Consent**

Participation and recording consent are always captured separately -- recording consent is never inferred from participation consent.

[Record participation consent](#) Participation: Not recorded

[Record recording consent](#) Recording: Not recorded

**Coding**

Opens the KoboToolbox KII Guide with this record's KII-ID already filled in.

[Continue this interview](#)

**Transcript: NOT\_STARTED**

[NOT\\_STARTED](#) [IN\\_PROGRESS](#) [VERIFIED](#) [ANONYMISED](#)

**Coding: NOT\_STARTED**

[NOT\\_STARTED](#) [IN\\_PROGRESS](#) [COMPLETE](#)

**Completed KII form (KoboToolbox)**

No completed form in KoboToolbox for KII-0009 yet.

Figure 7. KII record: status, consent, transcript and coding.

3. Before the interview starts, select **Record participation consent**. If the interview will be recorded, also select **Record recording consent** — the two are always separate.

4. When marking **COMPLETED**, tick **Recording made** only if a recording exists. The portal refuses a recorded completion without recording consent.
5. Advance **Transcript** (NOT\_STARTED → IN\_PROGRESS → VERIFIED → ANONYMISED) and **Coding** (NOT\_STARTED → IN\_PROGRESS → COMPLETE) as the work progresses.
6. Complete the **KII Guide** form in KoboToolbox using the KII ID (see the next section). The **Completed KII form (KoboToolbox)** panel then links to its PDF.

#### 4.4 Opening the KII Guide with the KII ID filled in

1. Record **participation consent** first. Until you do, the **Coding** panel says “Record participation consent first” and the interview link is withheld.

Figure 8. Before consent: no interview link.

2. Once consent is recorded, the panel offers **Continue this interview**. Select it: the KoboToolbox KII Guide opens in a new tab with the KII ID already entered, so it can never be mistyped and the completed form always matches this record.

Figure 9. After consent: Continue this interview.

3. Complete the interview in the form as usual.

##### What the link carries

Only the KII ID and your own username. It never carries the participant's name, role or organisation, so nothing identifying is left in a web address or your browser history.

#### 4.5 Downloading or emailing completed forms (Form PDFs)

1. Select **Form PDFs**. You see the completed KII Guide forms from KoboToolbox, newest first.
2. Select **Download PDF** to save a readable copy: sections, questions, the chosen answers as words (not codes) and repeated groups.
3. Select **Email to me** to send the PDF to the email address on your account.

The same PDF is available from the record itself: the case page (questionnaire), the KII page (KII Guide) or the document page (coding form).

#### 4.6 Consent in interviews

- Read or summarise the information sheet and ask for agreement **before** the first question.
- Ask separately whether the interview may be recorded. If they say no, take notes only.
- Record each decision on the KII record straight away with the matching button.

- If they later ask to stop or withdraw, stop, and tell the PI the same day.

## 5. Rules you must follow

---

- Keep recordings and transcripts only in the study's approved storage.
- Anonymise transcripts before they are shared for coding beyond the core team.
- Treat everything in the portal as **confidential research data**. Do not screenshot, copy, print or forward names, phone numbers, email addresses or answers except as your role requires.
- Never share your username or password, and never sign in for someone else.
- Use the respondent's contact details **only** to manage their participation in this study (invitations, reminders, appointments).
- Never tell a respondent, lender or anyone else that answers affect financing. The study generates **no score, rating or financing decision**.
- If a respondent asks to withdraw, stop contacting them and tell the Field Coordinator or PI the same day so the withdrawal is recorded.
- Report a lost device, a suspected account compromise, or data sent to the wrong person to the PI immediately.

## 6. Troubleshooting

| Situation                                     | Likely cause                                                                        | What to do                                                                                |
|-----------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------|
| COMPLETED with recording is refused           | Recording consent not recorded.                                                     | Record recording consent first, or untick Recording made.                                 |
| No PDF on the KII record                      | The KII Guide has not been submitted with this KII ID.                              | Check the KII ID in the KoboToolbox form.                                                 |
| "This screen isn't part of your role"         | The screen belongs to another role (often an old bookmark or shared link).          | Select Go to my start screen. If you need that screen, ask the PI about your role.        |
| "Too many sign-in attempts from this network" | Sign-in is rate-limited per network; an office shares one address.                  | Wait a minute and try again. A wrong password says so explicitly.                         |
| A register shows fewer rows than expected     | Registers show 20 rows per page; a Contact RA sees only assigned cases.             | Use Next, or search. Ask the Field Coordinator to assign the case.                        |
| A button is greyed out                        | A required step is missing (a note, an authenticity decision, a selection).         | Read the message beside the button; complete the missing step first.                      |
| "KoboToolbox couldn't be reached"             | KoboToolbox is slow or the connection token has changed.                            | Try again in a few minutes. If it persists, tell the PI.                                  |
| A page keeps loading                          | A slow or dropped connection.                                                       | Refresh the page. Your saved work is not lost; unsaved typing may be.                     |
| A file upload seems stuck                     | A large file on a slow connection takes time; the bar shows how much has been sent. | Wait for Saving... and the file name. If it fails, try again or upload a smaller version. |

## 7. Quick reference

---

|                     |                                                                                                                                        |
